Rapid System 15 Horizontal

Descriptive Specification

- Just 12 components, including 4 moving parts, means less maintenance, lower service costs and greater reliability
- Flow rates up to 13.2 litres per minute at 35°C rise
- Saves money on energy bills as it condenses 100% of the time in both

Installation

| Mains cold water inlet         | mm |
| Domestic hot water outlet      | mm |
| Gas connection                 | mm |
| Pressure relief valve          | mm |
| Heating flow and return connections | mm |
| Condensate drain (flexible)    | mm |
| Solar compatible               | -  |

Product Fiche Intergas Rapid

| Seasonal space heating en. eff. class (Prated) | kW |
| Seasonal space heating en. eff. (ηS)          | %  |
| Annual energy consumption (QHE)               | GJ |
| Sound power level (LWA)                       | dB |
